

Our 5 stations are like most small market stations, We do everything within our power to keep programming local...Our stations are live at least 18 hours per day..Each stations will broadcast 50 public service announcements per day, cheerleader bake sales, red cross info, salvation army, pta meetings,etc...live local high school sports..political rallies and meetings...lost dogs, cats...traffic information..weather...local and national news...local jobs listings daily...I for one dont think a small market or large market station can survive without talking to the local listeners..I think that is why we have been successful for the past 50 years..because we talk local info to local people....I think it will be an extra burden on most stations to add extra local programming rules...Most of us do it already....Thanks for allowing me this time...Lee Anderson...General Manager and soon to be a part owner.
